ADDITIONAL SHEETS MAY BE PRINTED OUT FROM OUR WEBSITE WWW.BRAND-HYD.COM UNDER PRODUCT CATALOG SECTION

Can I paint my valve? – Painting valves is okay as long as the all ports are properly plugged.

Can I change the flow of my valve? – The flow rate can be changed by replacing the orifice plate with another one with either a smaller or larger orifice diameter. The orifice diameter is determined by the desired flow and acceptable pressure drop thru the 84AFF valve.
